Safeguarding Principals

We are directed that every organization that works with children should have a clear policy on safeguarding children and a clear referral process for passing on information if anyone is worried about a child. This should include risk assessment for activities and a clear 'duty of care' for staff and volunteers.

For more information and guidance contact Diocese Safeguarding Officer. The policy outlined below should be understood as deriving from the Church of England’s ‘Promoting a Safer Church’ and not competition with or contradiction of it.

Children and Young People. The ideal for all children as stated in many Government documents in the last few years is that all children should:

* Feel cared for, safe and secure
* Are healthy, happy and free from poverty
* Get a good education, allowing them to fulfil their potential and achieve their ambitions
* Are well prepared for adulthood and the world of work, making a positive contribution

The Children Act 1989 tells us that:

The welfare of the child is paramount.
A child is considered to be anyone up to the age of 18
The local authority has a duty to provide services to children in need. This includes children with disabilities or whose welfare is likely to be impaired without the provision of services. (section 17)
The Local Authority has a duty to investigate allegations of abuse (section 47)
All organisations working with children should work in partnership

Safeguarding children is also enshrined in international legislation.

The UN Convention on The Rights of the Child 1989

The Children Act 2004 instructs that:

• A Children’s Commissioner is appointed in England to be a champion for the rights of children
• Every Local Authority is to set up a Local Safeguarding Board
• Every Local Authority is to identify one individual to deal with allegations of abuse by staff who care for children. Local Authority Safeguarding Officer (LADO)

Working Together To Safeguard Children 2015

The agreed definition of abuse is:

“Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting; by those known to them or, more rarely, by others, for example via the internet. They may be abused by an adult or adults or another child or children”

There are four broad categories of abuse:

• Physical
• Sexual
• Neglect
• Emotional
• Other forms of abuse include; spiritual, radicalisation, child sexual exploitation, domestic violence, female genital mutilation

Archbishop Justin Welby said:

“I believe that the safeguarding of children and vulnerable adults should be the highest priority of all parts of the Church, and that any failings in this area must be immediately reported. There are no excuses for shortcomings”.

The Care Act 2014

Other principals;

Safeguarding is;

• How we treat each other
• Enabling all people, especially those who are vulnerable to pursue faith journeys
• Giving people choices, independence, and the opportunity to contribute their gifts
• Keeping safe and protecting from harm all who may be vulnerable
• Taking special care in relationships
• Safeguarding is everyone’s responsibility

Vulnerable adults

Empowerment
People being supported and encouraged to make their own decisions and informed consent.

Prevention
It is better to take action before harm occurs.

Proportionality
The least intrusive response appropriate to the risk presented.

Protection
Support and representation for those in greatest need.

Partnership
Local solutions through services working with their communities. Communities have a part to play in preventing, detecting and reporting neglect and abuse.

Accountability
Accountability and transparency in safeguarding practice
The Policy

The following policy was adopted and agreed at the Parochial Church Council meeting held on

1. We are committed to:
   • The care, nurture of, and respectful pastoral ministry with, all children and all adults.
   • The safeguarding and protection of all children, young people and adults when they are vulnerable.
   • The establishing of safe, caring communities which provide a loving environment where there is a culture of ‘informed vigilance’ as to the dangers of abuse.

2. We will carefully select and train all those with any responsibility within the Church, in line with safer recruitment principles, including the use of Criminal Records disclosures.

3. We will respond without delay to every complaint made which suggests that an adult, child or young person may have been harmed, co-operating with the police and local authority in any investigation and we will have a clear reporting procedure in place.

4. We will seek to work with anyone who has suffered abuse, developing with him or her an appropriate ministry of informed pastoral care.

5. We will seek to challenge any abuse of power, especially by anyone in a position of trust.

6. We will seek to offer pastoral care and support, including supervision and referral to the proper authorities, to any member of our church community known to have offended against a child, young person or vulnerable adult.

7. In all these principles we will follow statute, guidance and recognised good practice.

8. We will advise the Diocesan Safeguarding Adviser if we receive a Disclosure which is ‘blemished’ or ‘positive’.

9. We will review this policy annually and check that our policies are up to date.

10. We will ensure that a copy of this policy will be made easily available for anyone who wishes to see it.
